Terry Kitchen Towels & Tea Towels

100% Cotton, Made for Wholesale & Retail

Terry kitchen towels earn their place in a busy kitchen by doing one thing well: soaking up moisture fast.

The looped texture of terrycloth gives these 100% cotton towels strong absorbency for drying dishes, wiping surfaces and mopping up spills. They stay soft to the touch and are sturdy enough for heavy daily use without fraying or losing shape.

Canaria Tex manufactures and exports cotton terry kitchen and tea towels to wholesalers, importers, retailers, brands and institutions, in a range of sizes and colours, packed the way you sell or use them.
